HIDING IN WOODS CLOSE TO BANDANA

Men Suspected of Ogden Post Office Robbery Are Found.

Dog Takes Scat, Which Leads Directly to Place Where They Are Concealed.

BOTH PROTESTING INNOCENCE.

Two men, claiming Louisville, Ky., their home and giving their names as Gus Smith and James McKinney, are under arrest in Ballard county pending investigation of the Ogden Landing postoffice robbery Wednesday night. They are being held as suspects, and stoutly proclaim their innocence.

Wednesday night the postoffice at Ogden was broken into and robbed of many stumps and cash. Dry goods and notions were stolen from the store department, the postoffice being located in McGee's store. Blood hounds were sent for and did quick work, tracking the alleged burglars within three hours after taking the scent.

Mr. M. E. Robertson, of Eldysville, who owns several fine blood hounds at Eldysville, passed through Paducah this morning on route home from Bandana, where he had worked his dog. One of his best trackers was brought along to do the work, and Mr. Robertson stated the dog took the scent readily and within three hours after the start the two men were under arrest.

The dog was placed on the scent at the store and made a good start. The foot prints were still fresh and the canine evidenced no confusion in its work. It worked fast and tracked to the woods.

The dog took the scent at noon and by 3 o'clock flushed the two strangers in the woods a few miles out from Bandana. The dog was being followed by a posse and officers curious to watch the dog track. No attempt to escape was made by the strangers.

They stated they were from Louisville and had come down to hunt and fish but Mr. Robertson stated they had no poles or guns to use in their sport. A search revealed nothing in the way of loot, but they were arrested and taken to Bandana pending the investigation.

A search today is being made in the woods to ascertain if any goods were hidden away in the bushes.

FISHING

WAS TERRY MALONE WHEN HE WAS MISSING.

Forgot to Inform His Parents of Expedition and Sensation Was Result.

Terry Malone has come to life and is once again safe and sound, much to the satisfaction of his parents. Malone had been fishing, he said, and had overlooked the necessity of informing his parents of his intended expedition. The result was embarrassing to the young man to a certain degree. He was mysteriously done away with by the newspapers, but the joy of his parents in the reunion fully repaid all fears and embarrassment occasioned by the publication.

Malone left home on the night of May 16th to get his railroad check cashed and after paying his debts decided to go fishing. He did not go home but struck out for Jacobs lake in the lower end of the county, with a party. He returned last night and was surprised to see the effect his hasty action had worked. This morning he returned to work at the Illinois Central shops and is receiving the congratulations of his many friends.

RUIN IN "REM AND POLITICS." Attorney of Hillsboro, Ill., Blames Combination and Dies a Suicide.

Hillsboro, Ill., May 18.—Attorney William M. Todd, of Nokomis, recently defeated in a primary election for judge of the Montgomery county court, killed himself today at his home by cutting his throat with a razor. When found by his family he was still conscious, and, being unable to speak, replied in writing to questions concerning the cause of his act with those words:

Gen. John McArthur, Dead. Chicago, May 18.—General John McArthur, former postmaster of Chicago and a major general during the Civil War, died here today, aged 71. He had been ill for two years and his death was not unexpected.

The circulation of The Sun for the month of April was 4,018, a day average. Business instinct tells you that it is the paper that tells its circulation daily that merits your confidence.

WILL RESIGN.

President Cassatt, of Pennsylvania, to Leave.

Philadelphia, May 18.—The North American says: "Circumstantial reports that Alexander J. Cassatt has determined to resign the presidency of the Pennsylvania Railroad company in consequence of the startling disclosures in the railroad investigation yesterday reached the Interstate Commerce commission."

Earthquake At Corvallis.

London, May 18.—The correspondent of the Evening Standard at Madrid, where that advice received there from Corvallis, Spain, say an earthquake occurred yesterday. Many houses were demolished. Great damage was done.

BACCALAUREATE

SERMON WILL BE PREACHED BY THE REV. W. E. CAVE, JUNE 3.

Teachers Announce Intention to Take Course at University of Chicago.

The baccalaureate sermon to the graduating class of the Paducah High school in 1906 will be preached by Rev. W. E. Cave, D. D., at 11 o'clock in the morning of June 3 at the First Presbyterian church at Seventh and Jefferson streets.

Dr. Cave was asked to preach the sermon by both the faculty of the High school and the graduating class, and this morning accepted the invitation. It will be a scholarly and interesting discourse, inspiring and helpful to the class. Dr. Cave is popular with young people and has kept in touch with them, and is sympathetic with their pleasures and pursuits. An especial musical program is being arranged for the day by the organist, Miss Ada Brazleton.

To University of Chicago.

The following teachers this morning definitely announced their intention of attending the University of Chicago this summer for a course of summer training in all branches of school work: Principal E. G. Payne, High school; Prof. C. L. Woodbury, instructor in chemistry and science, Masses Ada Brazleton, Mamie Noble, Louise Diederich, Blanche Ingram and Mabel Roberts. Others will definitely decide at a later date. Those who have already expressed themselves will leave immediately after schools close.

Next Week's Speakers.

The speakers selected for feature work during next week in the High school are the Rev. W. H. Pinkerton and Attorney E. W. Hagby. Both are excellent talkers and their addresses will be looked forward to with much pleasure.

ACT OF HATE

HORSE DISMEMBERED BY UNKNOWN PERSON AT MAXON MILLS.

Dr. Warner Sees Animal and Orders It Shot As Act of Mercy—Owner Is Nonplussed.

Screaming with pain from a cruel knife stab that had dismembered it, a fine horse belonging to Mr. McNannery, a farmer of Maxon Mills, was found by the owner standing in its stall in the stable about midnight last night. Dr. C. G. Warner, the veterinary surgeon, was sent for immediately, but when he arrived he saw nothing could be done for the animal and he ordered it shot.

Mr. McNannery has no idea who could have perpetrated the dastardly deed. He has no enemies, whose spite could lead them to such an extent, and he is nonplussed. Farmers in that section are greatly excited over the affair.

Chancellor Hawkins.

Jackson, Tenn., May 18.—Chancellor Albert G. Hawkins passed away this morning at his home in Huntingdon in his sixty-third year. His three sons, Prince and Leslie Hawkins, now prominent attorneys at Louisville, and Clarence Hawkins, private secretary to Gov. John I. Cox, survive him.

THIRD BISHOP IS DR. JAMES ATKINS

Elected on Twelfth Ballot Taken Late Last Night.

Was Classmate of the Rev. T. J. Newell, Pastor of Broadway Methodist Church.

SKETCHES OF NEW PRELATES

Birmingham, Ala., May 18.—On the twelfth ballot at 10:25 o'clock last night, Dr. James Atkins of Nashville, Tenn., Sunday school editor of the Methodist Episcopal Church, South, was elected the third bishop by the general conference of the above named church. The conference had been balloting since 10 o'clock that morning, having elected Dr. J. J. Tigert bishop on the first ballot and Dr. Seth Ward on the third ballot.

Dr. Atkins was born at Knoxville, Tenn., April 18, 1859, and received his education at Riceville Academy and Emory and Henry College. He was licensed to preach in 1879, and became a member of the Holston conference, serving at Morristown, Jonesboro, Abingdon, Asheville and other places. He was president of Emory and Henry College from 1889 to 1893 and of the Asheville Female College from 1893 to 1896. He has been Sunday school editor since 1896. He is the author of a number of religious books. He has been a member of the general conference since 1899. He married Miss Ella Branner in 1876.

Sketch of Dr. Tigert.

Dr. John J. Tigert was born in Louisville, Ky., Nov. 25, 1856, and spent his early days in that city. He graduated at Vanderbilt University, and later was a student at the Southern Baptist Theological Seminary in Louisville for two years. In 1875 he was licensed to preach by the Broadway quarterly conference. From 1881 to 1890 he was a professor at Vanderbilt, and from 1890 to 1891 was a pastor at Kansas City. In the last named year he was elected book editor and editor of the Methodist Review. He has received degrees from Emory and Henry College and the University of Missouri. Dr. Tigert has been secretary of the general conference for eight years and is also secretary of the Louisville annual conference. In 1878 he married Miss Annetta McIntire of Nashville. At present Dr. Tigert resides in Nashville.

Bishop Ward of Texas.

Dr. Seth Ward, was born in Leon county, Texas, November 1, 1858. He spent his boyhood days on a farm and attended a city school. He received the honorary degree of D. D. from the Southwestern University at Georgetown, Tex., and was licensed to preach in 1881. He joined the Northwest Texas conference in his early days. Dr. Ward was a member of the general conferences of 1891, 1898 and 1902, and was appointed to the ecclesiastical conference in 1901. Since May, 1902, he has been assistant missionary secretary, and resides at present in Nashville. He married Miss Margaret E. Smith in 1886. He is the first native Texas bishop.

Local interest is added to the election of Dr. Atkins by reason of the fact that he was a classmate of the Rev. T. J. Newell, pastor of the Broadway Methodist church, at Emory and Henry College in Virginia.

TWO MARINE DISASTERS.

Nine of Crew of British Bark Missing—Liner Is Wrecked.

London, May 18.—Two marine disasters were posted at Lloyd's today. The German mail steamer Roon, Hamburg for Yokohama, was wrecked off the coast of Japan. The passengers and crew were saved. The British bark, Platanin island, Wellington New Zealand for London, was destroyed by fire in the Pacific ocean. Nine members of the crew are missing.

NEW TRUNK LINE.

Will Be Built in Western Canada by James J. Hill.

New York, May 18.—James J. Hill, the empire builder of St. Paul, said that he was going to start this summer on a new trunk line, or rather an extension of the Great Northern railroad, from Winnipeg to Vancouver, and he declared that he would build the entire distance without any surety or bonds.

Mrs. Davis Has Relapse; Condition Again Serious.

New York, May 18.—Mrs. Jefferson Davis suffered a relapse today. Dr. Willis was summoned to the hotel Gerard and remained with her several hours. It was said at the hotel that her condition was serious.

ON PIN HEAD.

He Scratched Alphabet, Numerals and His Own Name.

Detroit, Mich., May 18.—The seemingly impossible feat of Eugene Wenger, an expert engraver of St. Louis, Mo., who engraved the letters of the alphabet and nine numerals on the head of a pin, has been eclipsed by Walter Hartwick, a skilled engraver with W. A. Sturgeon & Co., the well known jewelers of this city. On a pin head 5-64ths of an inch in diameter he has engraved not only the alphabet and the numerals, including the cipher, but he has also engraved his name, occupation, address and the date on which the feat was accomplished.

HUSBAND'S CRIME.

States Man Whom He Caught in Company With Wife.

Chillicothe, Ill., May 18.—George McWhorters was fatally cut late yesterday by Thomas Harris. McWhorters is a prominent grain merchant. He was seen entering his office with Harris' wife. Harris rushed to the office and broke the door open and stabbed McWhorters. The man was horribly carved.

ANTI-UNIONISTS

HOLD MEETING AND REFUSE ANY COMPROMISE.

Cumberland Church in Session at Decatur, Ill.—Southern Presbyterians Meet.

Decatur, Ill., May 18.—After the 76th annual meeting of the Cumberland Presbyterian general assembly was called to order the anti-unionists called a secret meeting yesterday. Reporters were excluded. It is learned that they received a proposition to withdraw their injunction suit but Rev. A. N. Ashmun, Rev. Ashburn, Judge Russell and W. E. Dunaway opposed such a movement. It was unanimously decided that they press the suit.

Judge Russell was selected to nominate an anti-union candidate for moderator, but the name of the candidate was not divulged. More than 100 persons were present at this caucus.

The unionists held a caucus and determined to nominate Dr. Ira Landrith, of Nashville, Tenn., for moderator.

Southern Presbyterians. Greenville, S. C., May 18.—The general assembly of the Southern Presbyterian church composed of 210 commissioners from all parts of the Southern states, convened at the First Presbyterian church in Greenville.

PREACHER'S WORDS

RECALL THOUGHTS OF HOME TO THE WANDERER.

William Mansfield Returns to Family This Morning After Trip Into Missouri.

William Mansfield, foreman at the Paducah box and basket factory, who killed his family good bye and left Tuesday morning for the doctor's office and had not been heard from since, returned home this morning.

Mansfield had been in Cairo, Ill., and Charleston and Van Dusen, Mo., and left Paducah while not himself. Mansfield is a temperate man and had been ill for some time of malarial fever. He was able to be up, but very weak, and when he started for the doctor's office went to the river and boarded the Dick Fowler.

He stated that he did not realize where he was or what had happened until he reached Cairo. From Cairo he went to Charleston and Van Dusen, thinking the trip would do him good, and in Van Dusen he went to church to hear a young minister preach. The text was on "Man and His Actions," and the minister scored men leaving home. This affected Mansfield and he got up, left the church and started straight home.

Mansfield arrived this morning and his family was overjoyed to see him. It was the first word or knowledge of his whereabouts or safety they had received and Mansfield was glad to get back, too.

The foreman is still weak and has not yet returned to work. He probably will be able to return to work the early part of next week, however.

Child Married.

Albert Fozard, age 21, and Freda Eaton, age 14, both of Carterville, Ill., were this morning married at the court house, Rev. A. W. Bass officiating.

ASSESSMENT LAW UPHELD ON APPEAL

J. M. Worten Defeats Paducah in Famous Suit.

Assessment Can Be Made Only Every Four Years in Cities of Second Class.

THE EFFECT NOT YET LEARNED

Frankfort, May 18.—In reversing the judgment of the McCracken circuit court in the case of J. M. Worten against the city of Paducah the appellate court upheld the legality of the statute, providing that in second class cities the assessment of property shall be made once in four years and cannot be raised or lowered for three years later.

This suit has been an interesting one to the city as on its outcome depends the manner of assessing property in the future. Just what immediate effect it will have the city officials are not prepared to say. It is believed, though, that property owners who have paid their taxes without objection cannot take exception to the assessment at this late day. Bills in the hands of back tax collectors may be contested, but they involve only about 4 per cent or less.

City Auditor Kirkland said: "I do not believe the result will embarrass the city any. I have not considered that phase of the question, as this is the first information I have received."

Paducah became a second class city on March 21, 1902. By an amendment passed March 24, 1902, to the charter of cities of the second class such cities were required in the fall of 1902 to make a full and complete assessment of all the taxable property in the city for the purposes of taxation.

So far as personal property was concerned there was to be an entire new assessment every year thereafter, but as to real estate, this assessment was to remain good, but only for the year it was made, but for the next three years as well, excepting that corrections were to be made where improvements of the value of \$100 or more, were either added to or taken from the real estate.

In other words the real estate in the city was to be assessed only once every four years.

The first assessment under this law was made in the fall of 1902, but the city, instead of following the law, reassessed by a new assessment, all the real estate in the city in the fall of 1903, for the taxes of 1904, and in doing so increased the values placed on property by the assessment of 1902. Mr. Worten's property was thus assessed and the values increased.

He sought to enjoin the collection of the taxes against him on this assessment. The circuit court here held that this quadrennial assessment law was unconstitutional and therefore that the city did not have to obey it, and so adjudged, but the court of appeals has reversed that decision and sustained Mr. Worten's contention.

CASUALTIES 400.

Report of Statistics Bureau At San Francisco.

San Francisco, May 18.—Captain Winn, in charge of the statistics of casualties reports that the present list of identified dead includes 275 names. In addition 185 unidentified bodies have been found and buried, making a total of 460. The list of missing contains less than 100 names.

STOLE TRAIN.

John Williams Sentenced to One Year in Prison.

Owingsville, Ky., May 18.—John Williams was sentenced to one year in the penitentiary today. Williams boarded a train on the Licking Valley railway with a pistol in each hand and forced the train crew and passengers to alight. He then took the train to the end of the road.

SWEDEN'S FOREIGN AND WAR MINISTERS RESIGN

Stockholm, May 18.—Foreign Minister Trolle and War Minister Tingsen have resigned. The newspapers attribute the action of the ministers to differences with their colleagues regarding the attitude of Premier Staaf in the suffrage debate.

Strike Will Be Settled. Coymans, N. Y., May 18.—It is expected the brickmakers' strike will be settled. The manufacturers decided to concede all the strikers' demands except recognition of the union. The workmen have not yet accepted. When they do the militia will be withdrawn.

THE WEATHER. Generally fair tonight and Saturday. Slightly cooler in north portion. The maximum temperature yesterday afternoon was 92 and the minimum this morning 67. The absence of wind makes the heat felt more severely.

HEPBURN'S CHILD

Being Mutilated by Senate in Last Stages of Passage.

Washington, May 18.—The railroad rate bill is being patched up and embroidered by the senate so that when it is sent back to the house it is extremely doubtful whether Hieburn and his assistants will be able to recognize their original handiwork.

Girl Burned to Death.

Peru, Ind., May 18.—A lamp explosion in a bed room of Fred Kaders' house resulted in the death of Louise Kader, aged 8, this morning. Two other young girls sleeping in the same room were rescued after being seriously burned. Two men were burned in the attempt to rescue them.

ESCAPES

SUDDETH SHOWS DISPLEASURE AT HIS CONFINEMENT.

Prisoner Turns Out to Be a Patient and Is Taken to Riverside Hospital.

Hob Suddeth, a well known marine engineer, was fined \$1 and costs in police court this morning for being drunk. Then it developed that he was not merely intoxicated but suffering from a severe attack of nervousness, and was on the point of temporary lunacy. He was ordered taken to Riverside hospital and after court Patrol Driver John Austin started with him, using the patrol wagon as a means of conveyance. He had one assistant and this was hardly enough.

Suddeth became violent and attempted to get away. He was about to succeed when Officer Aaron Hurley happened around and assisted in overpowering him. Suddeth finally was quieted, and taken to the hospital and placed in the violent ward. While an attendant went in to give him water a short time later he made a break for liberty and fought his way successfully to the door and escaped.

Suddeth's condition is serious and he will be placed in the hospital again when caught. He is not considered dangerous, being merely wild and unwilling to be confined in the hospital.

Divorced Third Time From Same Wife.

Chandler, Okla., May 18.—For the third time A. K. Carpenter, of Lincoln county, was divorced today from Mary Carpenter. The five children apparently sided with their father, and the three youngest cried bitterly when the court decided they must go with their mother. Mrs. Carpenter, who was then the widow Farr, deeded 160 acres of land to Carpenter the day before they were first married.

CROSSING TRACK

AND WORK TRAIN RAN OVER MORTIMER YOUNG.

Operator for Illinois Central At Greenville Fatally Injured Near Depot.

Mortimer Young, an operator employed in the Illinois Central office at Greenville, Ky., was run over and fatally injured yesterday afternoon at Greenville, Ky., by an extra work train. His arms and shoulders were so horribly mangled that he survived the injuries but a few hours.

The work train was backing into a siding to enable an extra freight to get by, and Young had handed the engineer and conductor of the freight train a clearance card. He was stepping back across the tracks to the depot when struck by the work train, which he had failed to notice. The injured operator was taken to the depot and medical aid secured, but the injuries proved fatal. The body was removed to the young man's home and will be buried today.

Five Minutes in Jail.

Russellville, May 18.—A young woman named Mrs. Dell was given a sentence of five minutes in jail by a jury on a charge of larceny. She was accused of taking a watch. The property was recovered.

AS LICENSE BOARD COUNCIL WILL SIT

Evidence Will Be Heard Against Retail Liquor Houses.

Police Have Failed to Discover Any Violators and Complaints Have Been Heard.

CITIZENS ASKED TO APPRAISE

Saloon men who have been willfully violating the law, antipalping no molestation from the police, will be surprised when the general council institutes an investigation on its own hook before granting the saloon licenses in June. The investigation will not savor of an active crusade, but an opportunity will be given all citizens, who desire, to protest against any liquor store, which operates in defiance of the laws and ordinances.

Last winter by resolution the general council determined that no more licenses will be issued to saloons in which disorders occur or which keep open on Sundays or after hours, the object being to get rid of the disorderly places.

The police have been unable to find these violators of the laws, although frequent complaints have been made to individual members of the general council against certain places. The belief that the closing ordinances are commonly violated, was strengthened by the offer of a reward by the retail liquor dealers' association for the detection of any law breakers. The association members said favoritism is being shown to certain saloons, and they desired to have the law enforced against all the places.

It is the duty of the general council to issue licenses, and the members feel they are equally bound not to issue licenses to people, who do not keep faith with the city. In the face of the frequent complaints and the failure of the police to bring any violations to light, it is stated that the general council next week will set as a board to hear evidence of citizens against alleged lawbreakers, and if sufficient proof is adduced to justify such a course, licenses will be refused the proprietors.

Torpedo Boat Sinks. Port Said, May 18.—The British torpedo boat No. 56, capsized last night off Port Said. Seven men were drowned.

ISAIAH'S VISION

SUBJECT ADDRESS BY BISHOP WOODCOCK LAST NIGHT.

Pays Compliment to Grace Church and Its Rector—Visitors All Are Pleased.

Isaiah's vision that sent him forth on his ministry for God was the subject of Bishop Woodcock's address last night at the Grace Episcopal church. That each of us sooner or later had a vision which revealed our relation to the truth; that no one could fall short of the standard of that vision without feeling in himself that he was a hypocrite; that reverence for the truth was the divine law and human intuition; that the irreverence of today as evidenced in lax moral conditions was the result of our not living up to what we have plainly seen as the right; were a few of the principal points of his fine and clear-cut address.

Bishop Woodcock in his sermon paid a high compliment to the Rev. David C. Wright and his congregation of Grace church, "as a parish where spiritual matters had been more stressed than financial during the past year, and yet it had proved the best financial year of the parish as well."

Visitors Pleased. A special car carried those delegates to the Episcopal Council who were in the city today, to their homes in Louisville and other parts of the state. When seen at the depot this morning the delegates all expressed appreciation of the care that had been taken of them while here, especially by the city traction company, and for the consideration shown by the newspapers.

Yesterday afternoon's session was brief and occupied by routine business. At 8 p. m. the bishop closed the council with an address.

"The only way I can figure it out, is nothing from nothing leaves you"—extract from Freddie Miller's specialty stunt on the Wallace park reservation boards in the sparkling farce comedy, "How to put their danders down."

It was a great stunt, and saying that the exhibition was well received would be putting it mildly. Miller took the crowd by storm. Likewise the visiting bunch of "Name 'em and you can have 'em." It was the first shut out game of the present Kitty season, and it is now to "giggle."

Freddie Miller was in condition, and the story might end here without further comments. The big Indian had control, and two 1210 scratch hits on the infield is the sum total of the visitors' mighty stick work results. They could not hit Miller, even though they had been supplied with butter paddles, and Miller tied to a stake. Ames had two chances, and both were slow in-field grounders. One got past Miller and Ames was slow in holding it. Thinking the pitcher had it. In another instance when Ames went over to the second sack for a bonader, he failed to recover quick enough to field perfectly, the runner gaining first sack.

And the mighty Wolfe, he the object of the Mighty Dopeist at Cairo fanned the thin air twice. Horrors.

The Indians tallied an earned score in the first, and worked in another in the fifth.

In the first inning McClain slugged to right-center and was advanced by Haas' neat sacrifice. Wetzel singled to center and "Mack" tallied. Ames grounded out and Taylor popped out to catcher.

In the fifth inning M. Miller grounded out and Chenault singled. Freddie Miller used his noodle and drew a pass. McClain hit to second base and Dillardidge held the ball, stopping on the bag and shunting M. Miller out. He threw wild to Connors in trying to complete a double and Chenault scored on the throw. Haas filed out to Long, retiring the side.

Miller's Speed.
Miller's speed was something remarkable. He made the visitors saw wind time after time. Barely ever did they hit the ball squarely, and foul after foul was hit, the batters hitting too late to meet the speed. It was an exhibition of swift pitching, and "Rube" Chenault's three passed balls will show what force the big southpaw had.

From the Outside.
"Three hits, well. The Cairo boys could not call that hitting, considering the lead of hits they scored."—Ed. Reichenberg, the true sport from Calatowa.

Two out of three, and crippled at the...

Has Paducah a bunch of pitchers or Cairo a poor bunch of hitters? More room for figures, "Pop."

Maybe the Indians put forth strenuous efforts to prevent Wolfe from hitting. His record here is excellent. One hit out of nine times up. This makes a batting percentage of 111. Remarkable hitting.

Bert Haas, the "punk" hitter, he has been called, was up 10 times and got four batting 400 for the series. This makes Haas' batting just 289 points ahead of Wolfe.

There is more food for thought, the batting averages for Haas and McClain, two of the best hitters on the Indian team: Bert Haas has been up during the fifteen games in the home series 49 times and has secured 19 hits, some of them doubles and trip les, but they don't count in the aver-
ages. This makes Haas' batting average for the season to date just 387 37-19.

McClain has been at bat during the same series 58 times and has secured 18 singles, making a total of 319 14-29.

Well, the Indians will draw well from Paducah Sunday. Both river and railroad will pile people into Spawaterville. If the Indians get defeated two games in succession at Cairo it will mean an even break so far, the Sunday game being the game to decide.

The Indians left for Cairo this morning and will remain away for fifteen days on the trip. It is hoped the boys get half of the trip games.

BAR ON TRACK.
Street Railway Employees Remove Obstruction.
Motorists of the street railway pre-
judgment over finding an iron bar
about six feet long lying on the track
at First and Broadway several morn-

STRIKE ENDED AT QUARRIES

Men Return to Work at Cedar Bluff at Old Scale.

Katterjohn Construction Company Wins From Laborers, Who Demand Big Increase.

MAKING AN INSPECTION THRU

The Katterjohn Construction company quarries at Cedar Bluff, a few miles east of Princeton, Ky., are running again in full blast after several weeks of partial idleness due to strike; and Mr. William Katterjohn, accompanied by several Illinois Central officials interested in the output of the quarries, went to the works this morning to look into the situation.

Out of 196 men employed at the works, 160 struck, and it was impossible to run the works with the small force. Little was done, but the management stood out against the demands, 33 per cent increase, and finally won. During this week the men began coming back gradually until this morning the entire force was back at work, the last small gang coming back for their checks today.

"We have a large force, as large as we usually have, working at the quarries," Mr. Katterjohn stated this morning, "but might use more. All the strikers have returned. The delay occasioned some little inconvenience and set us back a little in our contracts. It will not hurt us much, however."

The Illinois Central has standing contracts with the company for ballast stone, and is interested in the strike to a great extent. This morning Roadmaster F. L. Thompson, of the Louisville division, and Mr. P. Laiden, assistant chief engineer of the road, went to Cedar Bluff with Mr. Katterjohn to make an inspection of the quarries.

OPERATION AVOIDED EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:
"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The operation quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself try Lydia E. Pinkham's Vegetable Compound.

CHRISTIANS

MEET AT MURRAY FOR FOUR DAYS NEXT WEEK.

Missionary and Sunday School Work Topics for Discussion by Speakers.

Programs are out for the thirty-second annual meeting of the South Kentucky Christian Missionary and Sunday School Association for a two days' session at Murray, Ky., followed immediately by the eighteenth annual meeting of the Christian Woman's Board of Missions also for two days at Murray. These meetings of different divisions of the Christian church will commence May 21, continuing through the 22nd and 23rd and 24th, 1906.

Several Paducah church members will have prominent parts in the meetings. Mrs. Kate Whitfield will give a report of the Paducah district in the Tuesday afternoon session of the Board of Missions. The Rev. W. H. Pinkerton will deliver the principal address of the evening session Wednesday, his subject being "What Does the Christian Church Stand for in the Twentieth Century?" Thursday afternoon in the symposium, "The Best Thing in My Bible School," Mr. George O. McElroon and J. K. Bondurant will give five minute talks, each speaker in the symposium being limited to that time.

H. Clay Smith, well known to Paducah people, will have charge of all devotional exercises. The music will be under the direction of Robert M. Hopkins of Louisville.

The program is extensive, including educational, social and devotional exercises.

Herbline

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints.

It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, editor and Mgr. Cocoa and Rockledge News, Cocoa, Fla., writes: I have used your Herbline in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit.

SUB-TREASURY LOOT OBJECT OF ROBBERS

Regulars Foil Plan to Rob Building in Frisco.

More than Thirty Shots Fired by the Guards and Men Found in Holding.

SUCCEEDED IN MAKING ESCAPE.

San Francisco, Cal., May 18.—A daring attempt to loot the United States sub-treasury was foiled last night by the regulars. Soldiers were detailed to guard the sub-treasury and they claim their fire was returned by the men attempting to loot the safes in the building.

Six men from Company "G" were detailed to guard the treasury. At 11:50 o'clock, three men stationed on Commercial street, say they noticed a man attempting to reach an entrance to the building. He was ordered to halt, but instead started to run whereupon a guard fired at him. The bullet did not take effect and two guards gave chase, leaving their one companion behind. Almost immediately soldiers on the Clay street side began firing and the guard on Commercial street saw he saw four men run to the windows of the upper story of the treasury building.

Guard Hammond, who was on Commercial street, says he immediately opened fire and the form in the window reeled with shots from revolvers. Fully thirty shots were exchanged in the fray, some bullets striking the wall of a building on the north side of Commercial street. The men were later seen to come down stairs but were not again heard of.

Attracted by the noise of battle, Detective Sergeant Taylor headed in detail of police and commenced a search for the would-be looters.

Residents on the west end of Clark, Adams, Jackson, Ohio, Tennessee, Jones, Norton and Hubbard streets and in the vicinity of the Illinois Central passenger depot are talking of circulating a petition to be presented to the municipal boards relative to the blowing of locomotive whistles, desiring that engineers use the whistle signals only when necessary and to make the signals as short as possible.

This movement was launched several weeks ago in some of the Southern towns, Jackson, Tenn., being among the first. A law was passed in that city regulating the practice. Pullman was the next town to complain. The Illinois Central always is willing to avert any unpleasantness occasioned by its employees, and Superintendent J. J. Gaven sent out the following bulletin which may preclude the action suggested by residents of Paducah:

"The city authorities at Jackson, Tenn., have called attention to the

violation of the city ordinance governing the sounding of engine whistles within the corporate limits of the city. Engineers are expected to observe rules governing the sounding of whistle signals, but they must not use them unnecessarily."

P. Laiden, assistant chief engineer of the Illinois Central, of Chicago, was in Paducah last night, looking over the system and noting improvements, looking after the Louisville division especially.

A member of the Illinois Central, of Louisville, was in the city today on business.

Mr. R. R. Sutherland, of the I. C. shops, who is ill of malarial fever at the railroad hospital, is better today.

Daily Thought.

"When people know their work

and do it, life has few blank spaces

for ennui."

If honestly conducted, as the mem-

bers of the general council avow

they will conduct it, the proposed

license board in question can accom-

plish nothing but good. As outlined,

the plan does not contemplate the

assumption by the legislative body

of any executive functions, and the

general council will not undertake

any active crusade, such as might be

expected of a police department. The

inquisition wholly lies within the

province of the legislative depart-

ment, acting in its capacity as the

authority for the issuance of license-

s. The proposal merely means that

citizens, who have evidence that sa-

lons are violating the law, will be

given an opportunity to tell what

they know. This will have a ten-

dency to clear the atmosphere, and

certainly should be satisfactory to

the police department. If the charges

that saloons are allowed to violate

the closing law are proven ground-

less this investigation will exonerate

the police from suspicion of a lack of

diligence. If, on the other hand, the

police are brought out, it will give

the department a basis on which to

work. Saloon keepers who have been

observing the law, need have no con-

cern; while no one else will be con-

cerned over the fate of such as do

not observe it. There is nothing

marking in the situation. The mem-

bers of the general council merely

propose to go to unusual pains to

perform their duty.

The Mormon church is going out

of business. When will it get out

of politics?

Major Fitzgerald of Boston, in-

tends to be a person of attrac-

tiveness

"VOX POPULI VOX DEI."

"The voice of the people is the

voice of God." The truth of this

axiom comes with peculiar force

when it is applied to the expression

of a people possessing the free in-

stitutions characteristic of this coun-

try. The voice of the people is uni-

versally paramount in all affairs af-

fecting the weal or woe of our com-

mon country, of its several common-

wealths and of the cities in which

the people may reside.

There is, however, but one authen-

ticated instance in all history in

which God used the voice of an ass

as a medium through which to com-

municate with man. Therefore,

while asses have continued to bray

since the time of Balaam, the people

are rarely mistaken regarding the

quality of their utterances. Neither

is the voice of a demagogue usually

accepted as expressing the will

of the people.

A demagogue is one who endeav-

ors to curry favor with some partic-

ular portion of the people by pandering

to their prejudices and by playing

upon their passions. He is one

who seeks to array the employee

against the employer, labor against

capital, and the individual against

the corporation, and is well content-

ed to betray those who are tempo-

rarily beguiled by his artifices, if only

a slight injury results to those

against whom his shafts of malice

are directed.

He is one who in an argument

substitutes personalities for the

question at issue, vilification for log-

ic and innuendo for fact. He is also

one who recognizes the highest order

of wit in the obvious distortion of a

name by a refractory linotype ma-

chine; for, as Robert South, a noted

English divine has said, "An insig-

nificant word in the mouth of a dem-

agogue is a dangerous and deceitful

weapon."

But while both of the instruments

referred to above are rejected by the

people as mediums through which to

communicate their will, it would be

an error to assume that they are de-

void of utterance. In this representa-

tive country, two methods of general

expression are in vogue. One is by

means of the ballot, and the other

is through the chosen representatives

of the people.

The people of Paducah realize that

a psychic moment has been reached

in the affairs of their city; that the

very air is charged with the spirit of

civic improvements. The chrysalis is

about to become a butterfly. The

town of Paducah is about to become

the city of Paducah. During this

process of transition or evolution, many

important matters will come be-

fore the people for consideration in

addition to those connected with the

source of supply of water and light.

The vital question of today in Pa-

ducah is that of sanitation; the next

is the improvement of Paducah's

streets and the inauguration of a

park system that will appeal to the

pride of every citizen. All prejudice,

passion and personalities should be

eliminated from the discussion of the

various methods whereby these im-

provements may be secured to Paducah

at the earliest moment, in the most

economical manner and in the most

effective form.

Instead of hindering or retarding

in any degree a complete expression

from the people of Paducah with re-

gard to the improvements mentioned

above, including public ownership of

water works and commercial light

plant, I pledge myself to use every

effort to the end that they may have

a proper opportunity to express

themselves fully and completely as

to what manner and in what degree

they desire these improvements car-

ried into effect.

I have complete confidence that

when a decision is arrived at, after a

careful consideration of all phases of

the existing necessities of Paducah,

that the result then obtained, will

partake so much of the wisdom of

Deity that it will afford renewed tes-

timony to the truth of the grand old

axiom, that the voice of the people is

indeed the voice of God.

plot of Edgar Allan Poe's story "The
Murders in the Rue Morgue," was
the deadly attack by two monkeys
made on little Rifford Worth, son of
F. C. Worth, of 52 Briggs court, this
city, last night.While the child was sleeping the
beasts entered through a window, one
carrying a butcher knife. Immediate-
ly they assaulted the boy, who is four
years old. While one attacked him
with the knife, slashing the lad
above the eye and seriously cutting
his arms and shoulders, the other
pounded and scratched his face and
body.Mrs. H. B. Rifford, the baby's
grandmother, heard the screams of
the child. She had hardly entered
the room before the monkeys charg-
ed upon her and drove her from the
apartment. Then, with a triumphant
brandish of the knife, one beast jump-
ed for the window, closely followed
by its mate and disappeared. The po-
lice were notified and detectives
searched the city for the monkeys.
They were located at the home of Dr.
B. J. Zudense, at 430 Lyon street.
Dr. Zudense said that the animals
were his pets, and that he had owned
them fourteen years. Of late they
had been displaying more viciousness
than usual. Both are good-sized
beasts, standing about three feet six
inches.At Butterworth Hospital last night
it was stated that the child was prob-
ably fatally injured, having failed to
recover consciousness in five hours.
"When I entered Rifford's room,"
said Mrs. Rifford, "I saw the mon-
keys dancing like demons on the
boy's bed, screaming and chattering.
The quilts were covered with blood
and Rifford appeared dead. I could
hardly believe my eyes. I screamed
and the sound attracted the attention
of the monkeys to me. They leaped
from the bed and drove me out of
the room and then jumped through
the window."While Americans take great pride
and pleasure in being called "a
strenuous people," it is perhaps not
generally appreciated that a great
many injure themselves physically—
wreck nervous systems, invite pre-
mature wrinkles, gray hairs and in-
firmities by the hurry, worry way in
which they live, neglecting in many
instances proper care of the body and
letting the real pleasures of life es-
cape as a forfeit. Unrestrained
strenuousness means neurasthenia
ultimately.Neurasthenia is nerve-exhaustion
and that means inefficiency of the
body to carry on vital functioning.
Nerve centres lag; debility ensues;
listlessness and fatigue reign. Pain
may be felt in the back; fullness or
pressure at the top of the head; sleep
is broken and without refreshment;
digestion notably is weak and loss of
appetite, constipation and distress
after eating are the rule. The head-
ach of neurasthenia is like a band
around the head; ordinarily is worse
in the morning and better towards
the end of day, and is probably the
most common of all headaches which
come for treatment.Now, drugs do not help neuras-
thenia; that is admitted; and phy-
sicians have long been accustomed
to send their neurasthenics away
from the cities to the mountains, sea-
shore, abroad or anywhere to find
new scenes and enjoy tranquil restora-
tion. But that is expensive and
there is a surer, quicker and better
as well as less costly way—Osteo-
pathy.Osteopathy cures neurasthenia,
which is but another name for nerv-
ousness, by stimulation to the nerves
and the circulation.I can show you to your satisfac-
tion in a very few minutes why osteo-
pathy is the same rational cure for
ALL diseases of the nerves.Come to see me at any time be-
tween the hours of 9 and 12 in the
forenoon and 2 and 5 in the after-
noon. Dr. G. B. Froage, 516 Broad-
way. Phone 1407.

CHICKEN THIEVES

Made Raid on Roosts Near Tenth and Jefferson Streets.
Chicken thieves are working in Paducah again. Last night some one entered the premises of Mrs. T. H. Puryear, Tenth and Jefferson streets, and stole a lot of fine chickens. The hen house at 1032 Broadway, a short distance from Mrs. Puryear's residence was also entered and many fowls taken. The police have no clues.

DRAWS GUN

ENGLISH PITTMAN IS SUBDUED
AFTER HARD TUGGLE BY
POLICE.

Fined \$50 and Sentenced to Thirty
Days in Jail—Police Court
Docket.

English Pittman, colored, was fined \$50 and costs and given 30 days in county jail this morning in police court for carrying a concealed weapon. He was taken last night after a hard fight with Patrolmen Mike Dugan and Thad Terrell, and but for the desperate clubbing resorted to by the officers, might have shot one of them.

Pittman was seen emerging from the iron furnace property at Third and Norton streets. He acted suspiciously and Patrolman Terrell went up to him just in time to see him slip a pistol up his sleeve. Terrell grabbed the wrist and demanded of the negro to let go the gun.

The negro tried to pull the trigger, the gun pointing directly at Terrell. Patrolman Dugan ran up and assisted his partner. Pittman was disarmed.

John Thomas, colored charged with breaking the seal and entering an I. C. box car, waived examination and was held over. His bond is \$30, which he was unable to give.

The malicious assault case against Leo Williams, colored was discontinued.

Other cases: Pete Bolen, Albee Crawford, colored, breach of the peace \$5 and costs each; Ed Holland Robert Diggs, John Turner, colored, gaming, continued; Henry Petter, white, breach of the peace, \$5 and costs; Bigger Hale, colored, obtaining money by false pretenses, continued; James Brown, colored, breach of the peace, continued; Walter Terrell, colored, housebreaking continued.

BURGLARS

BOND FORFEIT

SUIT BROUGHT BY COMMON-
WEALTH TO RECOVER OF
SETHIES.

Perry Bryant Case Revived by Civil
Proceedings in Circuit Court—
Cases on trial.

Two suits were filed in the circuit court this morning. One suit is brought in the name of the commonwealth against Perry Bryant to enforce the sale of an undivided interest in property on Elizabeth street to settle a forfeited bond. Bryant was arrested for alleged housebreaking, and gave bond in the sum of \$200, Charles Emery and others becoming surety. They transferred notes given them by Bryant to the commonwealth and when Bryant failed to show up for trial the bond was declared forfeited. The commonwealth sues on the notes and attempts to subject the property to the debt.

Milton Mills filed suit against W. J. Smith and others for an alleged debt of \$63.90 and the enforcement of a lien to satisfy the judgment if one is given.

The case of Friedburg and Kahn against Ed Pearson was continued. A judgment for divorce was entered in the case of Harrison Shelby against Annie Shelby.

In the case of Lula Kirby against William H. Kirby, the latter formerly an attaché of the Palmer Transfer company, a judgment for divorce was granted.

The case of Effie Leigh against the Citizens' Savings bank was on trial at press time, and will likely not be finished today. The suit involves property in the city.

Deeds Filed.

E. F. Adams to McCracken county, for \$625, property in the county. F. M. Milburn to Grider Thurnberry for \$1250, property on Fountain avenue.

R. S. Barnett to Moses Mason, for \$40, property on Woodward street. Mamie K. Wheeler to Harrison Bacon, for \$600, property on Tenth street.

NOT MAR BEAUTY OF FALLS

(Chicago Record-Herald.)

It looks very much as if congress would pass a law to protect Niagara Falls from the vandals who have already done so much damage there. It cannot repair what has been destroyed, but it can prevent further destruction. Representative Burton of Cleveland, chairman of the house committee on rivers and harbors, and several of his colleagues, are showing an earnest purpose to do something. President Roosevelt is taking a deep interest in the matter; while the international commission of American and Canadian engineers have made a thorough examination and have reported to their respective governments with recommendations in favor of a limit to the quantity of water to be diverted for power purposes. The limit is placed at 36,000 cubic feet a second from the American side and 18,500 feet from the Canadian side in addition to 10,000 cubic feet a second authorized for the Chicago drainage canal. It is proposed to fix this limit by a treaty between the two governments, extending over a term of 25 years, and that will probably be done.

The plans for the utilization of the water in Niagara river for electrical power are much more extensive than anyone suspected. The General Electric company, the New York Central railroad and two other corporations which have already obtained franchises from the legislature of New York, are intending to invest not less than \$30,000,000 in plants on the American side alone, without considering many millions more which have been or would be invested in manufacturing, street railways, lighting and power plants, to be run by Niagara water. This investment was expected to develop 860,000 horse power of electricity on the American side alone and a corresponding amount was to be taken from the Canadian side. The proposed bill will not destroy or remove the plants that have already been erected, or commenced, but will restrict their operations by limiting their allowance of water, will prohibit any increase in their number and capacity, and will drive away new companies which have obtained charters but have not yet gone into operation.

Big Undertaking.

The largest of these companies known as the Niagara County Irrigation and Water Supply company, which has an unlimited charter from the legislature of New York, and has already spent \$100,000 in carrying out its plans, is controlled by the General Electric company, and its contracts are so valuable and important that its representatives have made an extraordinary proposition to the government.

For many years a ship canal on the American side, similar to the Welland canal on the Canadian side, has been contemplated to connect Lake Erie and Lake Ontario. Surveys have been made, plans have been drawn, and estimates have been submitted, and the project is only waiting the action of congress. The General Electric company proposes to dig that canal, free of cost to the government, under the supervision of war department on a location and upon plans to be approved by the United States engineers from the town of La Salle, at Cayuga Island, a few miles above the falls, across Niagara county, back of the cities of Niagara Falls and Suspension Bridge, to a point somewhere between Devil's Hole, half a mile below the whirlpool and the city of Lewiston. They agree to make this excavation at a cost of about \$2,000,000 for the benefit of the lake commerce of the United States, provided they are allowed the exclusive use of the water flowing through this canal, to the amount of at least 10,000 cubic feet per second, for power purposes. This will increase the limit of water to be taken from the falls on the American side to 38,000 cubic feet per second, instead of 28,000, as recommended by the international commission. The General Electric company does not agree to build locks or to keep the canal open, or maintain it, but will make the excavations necessary.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds, at McPherson's Drug Store. Price 50c and \$1.00. Trial bottle free.

A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dryness of the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful to the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong, vigorous health and vitality, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write Dr. R. Y. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y. Dr. Pierce's Pleasant Pellets will not gripe. They effectually cleanse the system of accumulated impurities. The People's Common Sense Medical Adviser, by Dr. Pierce, 1043 pages, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by McPherson's drug store. Price 50c.

Insurance Association.

Insurance men, at a meeting in Chicago yesterday, organized an association covering all the larger cities, the purpose being a reduction in the cost of writing insurance. The control of commissions is all that is intended.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Millets, W. Va. "Persistent use of the Salve completely cured it." Cures cuts, burns and injuries. 25c at McPherson's drug store.

In Custody of State.

The mandate of the United States supreme court in the Calk Powers case was filed in the federal court at London yesterday, and an order entered directing that Powers be transferred from the jail at Newport to the Georgetown jail.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at McPherson's drug store.

Tried to Suicide.

Miss Cora Troutman, daughter of a prominent Eastern Kentucky physician, attempted suicide yesterday at London, by swallowing poison.

The Texas Wonder

Cures all kidney, bladder and rheumatic troubles; sold by J. H. Oehl-schlaeger, 601 Broadway, Dr. E. W. Hill, office 2926 Olive street, St. Louis, Mo.

Japan's foreign trade in 1903 broke the record, reaching more than \$400,000,000, against \$345,000,000 in 1904.

NOT UNEXPECTED WAS DISSOLUTION

George Phillips Passed Away
Last Night at 7:30 O'clock.Had Been Lingered Without Any
Hope Several Days and Uncon-
scious at the End.

WELL KNOWN BUSINESS MAN.

Mr. George E. Phillips, one of the most prominent and highly respected residents of Paducah, died last evening at 7:30 o'clock from a complication of diseases after an illness of several months. The end was not unexpected as his condition had been considered hopeless for the past week or more. He was unconscious when death came.

The deceased was born in Paris, Tenn., and reared in Paducah, and was 42 years old. He was the son of Mr. and Mrs. C. H. Phillips, prominent residents of Paducah in the early years of the city. After completing his education he went into the lumber commission business with the John W. McKnight Lumber company. Later he was connected with the Hyatt & Clements mills, but several years ago he left the lumber business and entered the dry goods and hosiery field. He became manager for the George C. Wallace company and remained so until the first of the present year, when the firm was bought out by Mr. Phillips and Mr. Will Webb and reorganized under the name of the Webb-Phillips company. He remained manager of the firm until death.

He was married in Paducah 12 years ago to Miss Myrtle Wallace, daughter of the late Capt. John Wallace. He resided at the Empire flats on Broadway near Seventh street, but when his illness became so serious as to confine him to bed, he was removed to the home of his mother, on Jefferson street.

The deceased a year ago suffered a severe attack of typhoid fever, from which he never entirely recovered. It left his system in a weakened condition and complications set in. His health grew worse from week to week until two months ago he became seriously ill and was unable to attend to his work. He was not forced to give up his business hours until three weeks ago when he began sinking fast. During the past week he had been conscious only at short intervals, and his physicians gave up all hope of recovery more than a week ago.

Besides his wife and mother he is survived by one brother, Mr. R. B. Phillips, of the Andy-Phillips company.

Mr. Phillips was a member of the Hoo-Hoo order, a fraternal society of lumber men, and was a member of the Christian church.

The funeral will take place tomorrow afternoon at 3 o'clock from the residence of his mother, Mrs. C. H. Phillips, on Jefferson street. It will be conducted by the Rev. W. H. Pinkerton, of the Christian church, and the Rev. W. W. Armstrong, of the Trumble street Methodist church. The burial will be in Oak Grove cemetery.

WORK RETARDED.

The Home Telephone Temporarily Closes Improvements.

The extensive improvement work being done by the Home Telephone company of this city, in both local and long distance service, has been necessarily retarded by a shortage in material, and as a result something like 40 men are out of employment temporarily, having been laid off yesterday afternoon. The force at work for the Home company numbers nearly 100. Cross arms and other equipment necessary to carry the work forward are on the way to Paducah but have not arrived. The men will remain off duty until the consignment comes.

CAPT. ED FARLEY.

Committeeman and Delegate to Republican League.

Through inadvertence it was stated in the Paducah Evening Sun yesterday that Alderman Farley had been appointed First district committeeman by the National League of Republican clubs and named as delegate to the convention at Philadelphia. It is Captain Ed Farley on whom the appointment was conferred.

Stand by Ben.

The South Carolina democratic convention adopted a resolution approving the course of Senator Ben R. Tillman in the United States senate. Resolutions condemning trusts were also adopted and President Roosevelt was "roasted" for what was called a breach of faith.

"Yes, I have been much gratified in the sales of my books over there—far better than here. But—it is tempting fate."

Dayton was discreetly silent. "You Americans!" Lord Frampton exclaimed humorously as he after a few minutes handed over the notebook. "I've received your reputation from a drunken man only to give it into the keeping of a harpist scoundrel who is probably crazed by—by—she is a devilish pretty girl, young man?"

"But wait till you see her on Monday," said Dayton. "I'll call with the copy at—what hour in the morning?"

"I shall rise late. I need rest. Call at 11."

At that hour the next morning, Saturday, Dayton brought the typewritten interview. Lord Frampton was looking fresh and cheerful.

"How do you feel, sir?" inquired Dayton.

"I ought to feel done, but the fact is I never felt better. I think it did me good—stirred me up. Astonishing! I must be out of my mind!"

Lord Frampton sat at his desk, reading, making slight changes, needing approval. "A most interesting young man," he murmured, "in spite of his bad habits—most intelligent. I certainly talked surprisingly well, bless me! I had no idea I had put so effectively."

"Are you satisfied to have it go, sir?" asked Dayton when the old philosopher had finished.

"I think so. I think so."

"And I'll see that you get a copy of it and also all that is said about it in the American journals."

On Monday at the appointed hour, with Lord Frampton as one witness and the countess as the only other, Dayton and Elsie were married. Lord Frampton was more than cheerful.

"But, he was gay. He had come with his top hat a little back on his head and noticeably tilted to one side."

"Oh, I almost forgot," said Dayton. "There's a cablegram from the office on your interview."

Lord Frampton read:

Dayton, Carlton, London: Frampton stuff howling success. Congratulations.

"Stuff! Howling!" Lord Frampton repeated the words as if he delighted in them. "Most gratifying," he said; "most gratifying, I'm sure. God bless me, I'm getting demoralized!"

"And now for your mother," said Dayton to Elsie.

Lord Frampton noted with astonishment the calmness of these two young people. "Will she be angry?" he inquired.

"Angry? She'll be wild," said Dayton cheerfully. "She's mad on the suit."

"And now for your mother," said Dayton.

"Feet of lilies. Now, if Elsie were going to tell her that she had married you—"

Lord Frampton laughed till his sides ached at the implication of this idea. It seemed to take another ten or twenty years from his rapidly rejuvenating mind.

"That suggests an idea," he said. "If I went with you—interested for you—to you think it would help?"

Elsie put out her hand to him. "Isn't he blue?" she said to Dayton.

And the three of them advanced upon Charlotte's in a cab, Lord Frampton with his arm along the back of the seat, patting Elsie on the shoulder—merely to encourage her. Mrs. Graut went rapidly through her moods—from fury to hysteria, to tears, to reproaches, to a discussion with Lord Frampton, to acquiescence, to "making the best of it."

Lord Frampton left them, but came toddling back.

"Oh!" he said and took Elsie to one side.

"If there should be—you know," he chuckled, "my name is Hubert, and I haven't got any of my own."

Elsie blushed, and he almost ran away, his old legs springing with a ludicrous affectation of youth.

"How can I thank you?" said Dayton as he put him in a cab.

"Thank me? How can I thank you?" said the old man heartily. "Send that irreparable friend of yours to me. Something may be done for him. Good-by. You Americans!"

THE END.

Seventeen-Year Locusts. Bowling Green, Ky., May 18.—The 17-year locusts have arrived. They are thick in Allen and Edmonson counties. This is the fourth visit of the pests, within 60 years. They were here in 1855, 1872 and again in 1888.

REST AT SHILOH.

Supt. Egan and Party Take Outing in Old Battlefield for a Week.

A. H. Egan, superintendent of the Louisville division of the Illinois Central and family arrived last night from Louisville and left this morning on the steamer City of Shiloh for Shiloh battlefield on a week's outing. Mr. Egan has been in bad health for the past two weeks, and was in the Paducah hospital a short time. He needs the rest and will remain off duty until he has recovered. Besides Mr. Egan and family Major J. H. Ashcraft and Mr. John Donovan and family left on the Shiloh for Shiloh. The attraction is the decoration on the 20th. The Missouri reunion will be held on that date, also, and excursions by boat will leave St. Louis on May 26 for the battlefield.

Another Contractor Signs.

Contractor J. M. Rouse, one of the bosses who have been standing out against striking carpenters, has signed the scale and his men have returned to work. This makes three of the original nine men who stood out or agreed to stand out, give in. The two Lockwoods signed the day after the bosses delivered their ultimatum, and House is the next in line.

IRISH AND ITALIAN WORKMEN
FIGHT IN SURWAY.

Two Deaths a Day Average for Tunnel and Homicides Are Too Frequent.

New York, May 18.—According to the coroner, Peter Acritelli, lawlessness has reigned for months in the excavation which the O'Rourke Construction company is making for the new Grand Central Station, and the Italian government has demanded an investigation.

The coroner yesterday caused the arrest of John Eldridge, general superintendent of the O'Rourke company, and held him in \$1,000 bail on a charge of homicide, following the death of Angelo Demasi, an Italian workman. He issued subpoenas for the president of the corporation and all its general foremen.

"There has been an average of two deaths a day among the employees ever since I took office," said Coroner Acritelli last night.

"For two weeks I have been investigating at the request of the Italian government, made through Consul General Count A. Reybaudi, Manila.

"I have pretty good evidence in my possession that there has been a feud between the Irish and Italian laborers.

REVOLTING

CRUELTY OF COSSACKS IN THE
IS IN TRANS-Caucasia.Women and Children Slaughtered on
Orders Emanating From Secret Police at Capital.

On the publication of the October manifesto the jubilation of the Russian people was fully shared by the population of Trans-Caucasia. Four days later all those marked off by the secret police was executed without any trial.

It has been proved without any doubt that in Odessa, Tiflis, Baku and Tomsik, Tver, Moscow and other places the massacres which followed the publication of the manifesto were organized in St. Petersburg before-hand. As was suspected, there exists in the czar's immediate entourage a secret committee, the chairman of which is Gen. Trepot. The secretary is former chief of the secret police, M. Garin, and the guiding spirit M. Pobedonostsev and the Moscow metropolitan Vladimir. Among the members are Baron Frederik, the court minister, Gen. Ignatieff and many other high military and bureaucratic personalities. M. Durnovo is kept by them in the ministry and through him they are guiding the present policy of reaction and ruin.

Massacre in Tiflis.

October 21, 1905, a demonstration of Russian patriots was announced in Tiflis. The night before the military authorities ordered all Red Cross ambulances to be ready and the hospitals to prepare 300 beds. It was rumored that a shot would be the signal for beginning the massacre. At midday the gathering numbered 5,000 men, chiefly minor officers, secret police agents, pupils of military schools, so-called mission-aries organized by Pobedonostsev and army people. It was protected on each side by two battalions of infantry, while a squadron of dragoons preceded and followed. The crowd arrived at the open place where the viceroys palace, the first gymnasium and an independent Georgian club building stand. In that place regiments of soldiers had been posted beforehand. As a most trustworthy eye-witness, M. Tosellani, the secretary of the Imperial Agricultural society, affirms, at that moment somebody in the crowd fired a shot. At once the troops opened fire on the people who had come to see the demonstration without taking part in it. For two hours the troops were let loose and shot and stabbed anybody coming in their way. The gymnasium was invaded and every pupil who could not run quickly enough was wounded or killed. One little boy of 11 years was dragged from under the staircase, where he had hidden himself, and stabbed with bayonets by Cossacks and dragoons until he was dead. A little girl of 8 years, dressed in white maddened by fear, rushed across the open place toward the viceroys place. Five dragoons fired at the child until she fell dead. The firing in the gymnasium and the cries of the children were heard across the square by the viceroys, who, surrounded by his staff (was on the balcony of his palace. Even the police report admits that eighteen children were killed and many more wounded. The buildings were wrecked and all scientific instruments, maps, models, etc., destroyed. When two days later the curator visited the building he broke down and wept at the sight of the blood-stained ruins.

Slaughter in Clubhouse.

Greater still was the fury of the troops against the club. At the entrance alone several people were killed, among whom was a newly married young couple. The bride was the most beautiful woman of the city and the only child of her now gray and broken-hearted father. "She had gone," said her father, "to buy flowers for the dinner table, and could not escape when the Cossacks made their attack on the people. Seeing her husband attacked she went courageously to his aid, and both were killed. She was so mutilated that for two days nobody could recognize her body in the morgue. The finger on which she wore some diamond rings were cut off, the valuable buttons from her coat were stolen, and even her boots were pulled from her feet."

The entrance and staircase of the club were covered with killed and wounded. Very few who fell into the hands of the Cossacks and dragoons escaped alive, and then only through buying their lives.

"As for myself," said the editor of the Georgian paper, Iveria, to me, "I saved my life by giving the Cossacks 90 rubles and my gold watch, all I had with me at that moment."

Villages Destroyed.

From this date the merciless suppression of the movement of peasants and intellectuals began and is continuing up till the present. From Baku to Tiflis I saw many charred remains of Armenian houses or poor Tartar dwellings, the results of the fight between the two nations in Georgia ruined villages are seen everywhere. These have been destroyed by the troops. The town Kutais, with 40,000 inhabitants, was not on fire many times, especially in the industrial quarters. L'arghetti, a small town, was nearly destroyed by Cossacks at Gen. Alkhanoff's order. The same fate happened to the prosperous and industrious village Honi. The whole manganese district, the mines of which furnish half of

OUTING SUITS

THE KIND THAT RETAIN
THEIR SHAPE

DID you ever notice how quick thin clothing loses its shape? It's because its not made right. We overcome that fault in our OUTING SUITS. We've had them made the new way—the coats have a full shoulder with hair cloth stifening down the front that keeps them from breaking and losing their shape. The pants have concealed suspender buttons, belt straps and are made both with and without cuff bottoms. The cloth used in these suits is thoroughly shrunk, which overcomes the drawing at the edge of the coat as well as bagging at the knees. The class of workmanship that has been put into these suits is altogether of a much higher character than we've ever before been able to offer.

MEN'S COATS AND PANTS
\$5.00 to \$10

Cool fabrics in neat stripes and checks, also light and dark shades of the new twilight gray, made and finished in first-class style, perfect fitting coats; pants with cuff bottoms, belt straps and concealed suspender buttons.

Hand Tailored Coats and Pants
\$12.50 to \$25

All the new swell shades of twilight grays and blue serges. Every suit tailored by hand and made to hold its shape. They get clear away from the ordinary summer clothes. We show them for young men, 15 to 19 years, as well as for men.

MEN'S and BOYS' OUTING PANTS
\$2.00 to \$7.50

They're just the pants for hot weather; made from cool chevrons, tweeds and worsteds, with plain or cuff bottom, concealed suspender buttons and belt straps. The \$7.50 pants, which may be seen in our window, are especially handsome, striking and new.

NEGRO MURDERER

Fugitive From Dyersburg Reported to Police.

Chief of Police James Collins has received instructions from Dyersburg, Tenn., to arrest "Buck" Wright, colored, wanted in that city for murder. The message gave no details of the killing other than that Wright was wanted for killing another negro two nights ago. The police have a good description of the fugitive.

Quarters Painted.

The painters and decorators finished the office of the chief of police yesterday and Police Captain Harlan moved back into the regular office last night. The captain and chief's headquarters had been temporarily moved to the mayor's office.

New Law Firm.

Attorney John W. Moore, of La Center, Ky., formerly state senator from this district, has formed a partnership with Attorneys Crice and Ross, and this new firm will be "Crice, Ross and Moore." They will operate offices in Paducah and La Center, Mr. Moore having charge of the latter office. Attorney Moore is an excellent lawyer and doubtless will prove a valuable acquisition to the local bar.

City Salesman.

Col. Gus G. Singleton has accepted the position of city salesman for the Paducah Brewery company and assumes his new duties today. Colonel Singleton has been closely associated with the liquor and beer business in Paducah for years, and is a competent man for the position. The brewery company lately changed hands and this is the first change made in the local force. The position is one held by F. G. Bergdoll, now at the head of the brewery.
